

THE JOINT ACTION PLAN

ADVOCACY

1

REGIONAL MEETINGS WITH DECISION MAKERS

OBJECTIVE

Create regional spaces and strengthen institutional dialogue on improving regional and national reception policies

15 & 16 JUNE 2023 / EUROPEAN MEETING IN STRASBOURG

Co-organised by ANVITA and the City of Strasbourg
Programme to be defined collectively

8 & 9 NOVEMBER 2023 / AMERICAN MEETING IN SAO PAULO

Co-organised by Red Sin Fronteras
Programme à co-construire ensemble

2024 / AFRICAN MEETING

Programme, date and place to be defined collectively

RECOMMENDATIONS FROM THE PARTICIPANTS IN THE WORKSHOP

Reinforce existing spaces (regional social forums, etc), give a voice to those primarily concerned, organise regional groups by topic, initiate educational/awareness-raising actions.

2

SUPPORTING THE IMPLEMENTATION OF THE INTERNATIONAL PANEL ON MIGRATION (IPM), SIMILAR TO IPCC

OBJECTIVE

Provide decision makers with scientific information on migration policies

SUB-ACTIONS SUGGESTED BY THE PARTICIPANTS IN THE WORKSHOP

- Strategy for impact on governments: write a communiqué to the IOM, demand that the subject of migration be put on the global agenda and that resources be allocated to this issue
- Create a mapping and an observatory (reinvest the existing one) with a committee
- Create a link with the academic space, the role of universities on the issue
- Launch a citizens' convention on migration

MORE [INFO](#) ON THE IPM

THE JOINT ACTION PLAN

RAISING AWARENESS AMONG THE GENERAL PUBLIC

3

THE ORGANISATION OF A WELCOMING WEEK

OBJECTIVES

- Coordinate awareness-raising actions related to reception and citizenship
- Raise awareness among the population about citizenship and living together in harmony
- Promote interculturality in the territories
- Promotesolidarity actions
- Democratize the public space
- To deconstruct preconceived ideas about migration

TARGET : Resident populations (including and with a significant participation of inhabitants in situation of migration)

SUB-ACTIONS PROPOSED BY THE WORKSHOP PARTICIPANTS

- Identify the spaces where to organise the welcome week: public spaces, solidarity spaces, which allow to enhance the welcome actions
- Identify the content of the event: choose cultural objects (music and cooking as vectors), activities that break down cultural barriers, enhance the migratory history of the place, collect testimonies on migratory journeys, make the different causes of migration visible, defend unconditional reception...
- Get in touch with cities/municipalities to present the project

RECOMMENDATIONS FROM THE WORKSHOP PARTICIPANTS

Launch the organisation of the Welcoming Week 6 months before the date.

4

THE PROMOTION OF A LOCAL CITIZENSHIP CARD

OBJECTIVES

- To create a symbol to reinforce the feeling of belonging to the city, which is inclusive for all inhabitants including migrants
- To enable undocumented migrants to be recognised by city officials and to have access to different services to facilitate daily life
- To promote an alternative vision of citizenship

RECOMMENDATIONS OF THE WORKSHOP PARTICIPANTS

- The card becomes stronger when it is used by residents, including non-migrants, so it must be attractive to all
- The card must seek to be inclusive for all people who are potentially victims of discrimination (for example, by being open to the recognition of sexual and gender diversity)
- One way of extending the card would be to have the municipal cards recognised so that they can be used in other cities in the same country
- It is important not to think of this tool only from the point of view of the so-called host countries, but also as a tool allowing a certain protection, for example on the roads of transit countries
- Create a link between the card and the Welcoming Week (by organizing a meeting between the card holders for example)

PROPOSAL FOR ACTION

Launch a working group including territories strongly involved (like NYC) to develop the tool in different territories (piloting proposed by C-Mise)

THE JOINT ACTION PLAN

STRENGTHENING NETWORKING BETWEEN TERRITORIES

5

A COLLABORATIVE DIGITAL PLATFORM

OBJECTIVES

- Reinforce the links between local actors
- Facilitate the sharing of knowledge and concrete tools

RECOMMENDATIONS FROM THE PARTICIPANTS IN THE WORKSHOP

- The idea of a cartography or a directory to present the actions of each territory, in order to allow local actors to draw inspiration from existing practices

6

THEMATIC MEETINGS BETWEEN LOCAL ACTORS

OBJECTIVES

Supporting cities and territories that are interested in reception issues but lack tools

RECOMMENDATIONS FROM THE PARTICIPANTS IN THE WORKSHOP

- Themes raised: regularisation, decentralisation of the reception of newcomers, the question of rural municipalities and the perspective of territories marked by the externalisation of borders
- Thinking about these meetings or moments of common work in a more participative way, based on permanent education and on methods of political and collective intelligence

ACCORDING TO THE PARTICIPANTS, HOW COULD ALLIANCE MIGRATIONS BE IMPROVED ?

- A monitoring committee to coordinate exchanges and actions
- The importance of building an identity (through collective intelligence) to give credibility to the Alliance, and in the long term to make communities and organisations want to get involved
- A better integration of rural territories
- Promote/facilitate the participation of the people concerned: financial support to migrant, women, trans, LGBTIQ+ groups, training, interpreting.
- Investing in external and internal communication within the network
- Funding issue: seeking funding in consortium?
- How to talk to unconvinced municipalities/organisations?
